## The main **features:**

Use of the LED technology guarantees high energy efficiency and long life Can be easily mounted in a suspended ceiling Built-in LED driver.

LUMINOUS FLUX:  
780lm

COLOUR  
TEMPERATURE:  
3000K

INSTALLATION:  
flush mounting

## Technical **specifications:**

### General Information

|   |  |
|---|--|
| Power supply:                             | 230V~, 50Hz                            |
| Light source:                             | LED SMD                                |
| Colour rendering index (ra):              | >80                                    |
| Luminous flux:                            | 780lm                                  |
| Colour temperature:                       | 3000K                                  |
| Material of the lampshade:                | acrylic glass (PMMA)                   |
| Protection rating:                        | IP20                                   |
| Dimmer:                                   | ✘ no                                   |
| Installation:                             | flush mounting                         |
| Colour:                                   | white                                  |
| Dimensions (width x height x depth [mm]): | Ø170 / 32                              |
| Other features:                           | built-in power supply, aluminum insert |
